

My Exams

Use the My Exams page to view created exams, last test and study dates, create new exams, edit exams (🕒), and delete exams (✖).

The screenshot shows the 'My Exams' page. On the left is a navigation sidebar with options like Tutorials, Dashboard, Assignments, Create Exams, My Exams (selected), CME Exams, My Stats, Flashcards, and Learning Modules. The main content area has a header with 'My Exams' and a hamburger menu. On the right, there are links for 'EMO Tutorial', 'Settings', and 'Logout'. Below the header, there are two tabs: 'Exams' and 'Practice Exams'. A table lists exams with columns: Name, Created, Last Test, and Last Study. A 'New Exam' button is in the top right. The 'Psychiatry' exam is highlighted, showing '23 Q's from Psychiatry' and dates '2017-11-29 13:56' and '2017-11-29 14:17'. Edit and delete icons are next to it. A 'Show Debug' link and copyright notice are at the bottom.

Clicking on an exam will expose the exam options:

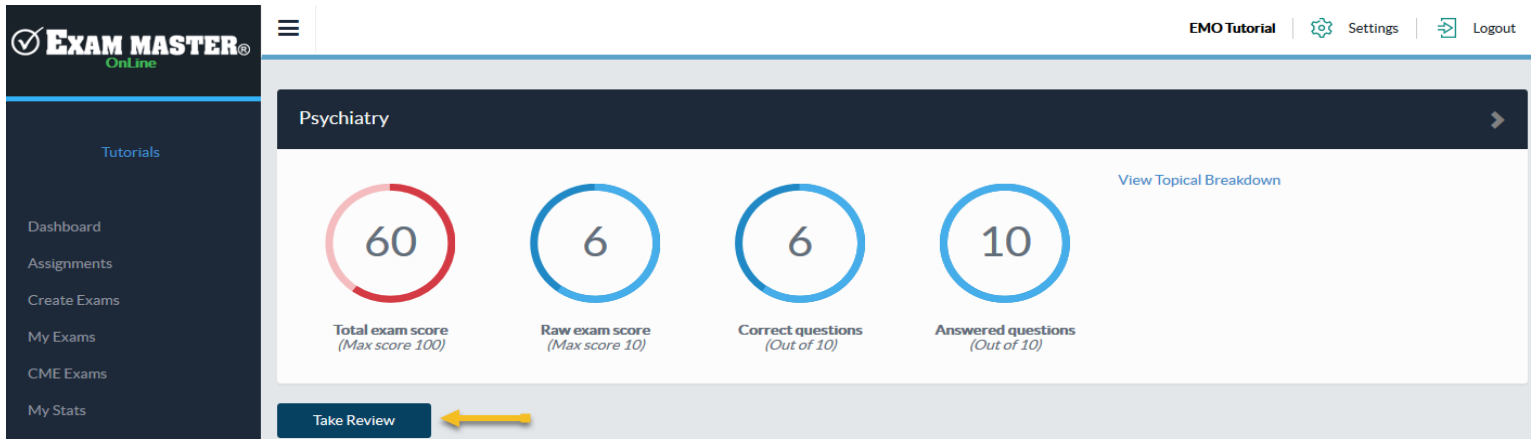

The screenshot shows the 'Psychiatry' exam options page. The header includes 'Psychiatry' with a right arrow. The main content area displays '50 questions from Psychiatry', 'Created: 2017-11-29 15:33', and 'When you start a new test from this exam your minutes will be set to 1h'. Three buttons are visible: 'Take Test', 'Take Study', and 'Take Learning'. A 'Back' link is at the bottom. The left sidebar and top navigation are the same as in the previous screenshot.

Exam Modes

- **Take Test**
 - Select an answer choice, submit answer choice, and be auto advanced to next question (you must submit each answer selection to receive credit)
 - Click **Score** when you're done answering and submitting questions
- **Take Study**
 - Can be taken before or after test. Gives answer and explanation of answer. You will receive a score based on your submitted question selection.

- **Take Learning**
 - Follows same format as Study, except an answer choice does not have to be selected; Show Explanation can be selected right away for feedback on the question.
